RESEARCH AND DEVELOPMENT

Simply unique in the Security's (Intrusion, Access Control and Video Surveillance) as well as Home & Building Automation's arena is the prestigious value-proposition of Ksenia Security, the Italian Brand recognized and appreciated worldwide for its level of Innovation and Design, Solutions fully developed and manufactured to be environmentally sustainable. This success is continuously achieved thanks to the long experience matured in the business, the dynamic convergence of ideas and heterogeneous skills, to the commitment and passion professed as well as the will to realize something unique, commensurated with the always growing needs and expectations of the Professional Installers as well as the end- users, leading them through a logic of "total integration".

The Open Platform named 'lares', in its various IoT Solutions, Hybrid and Wireless, represents the top expression in terms of Power, Integration and Connectivity: last generation Components, the highest degree of certified Quality and Reliability, easy Scalability and programmable from remote, even from mobile.

On a single, extremely compact Control Panel are managed all Home Automation and Security Systems performances, IP/Ethernet connectivity supported by a 3G Back-up and vice-versa.

PRODUCTION

SALES

Thanks to the partnership Agreement with Loquendo (a Brand of Nuance Communication) only Ksenia Security Installers and End-Users have the privilege of using the most advanced Voice Technologies through a TTS (text-to-speech) converter, choosing among male and female voices as well as 38 different Languages, for amazing personalized voice-messages.

Welcome to the new dimension of Security.

USER INTERFACES

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI2100040.302	ergo-T "MULTIMEDIA CENTER", formed by a Multitouch Display 7" in High Resolution (1900x1200) with PoE interface and 12Vdc Power Supply. Bracket included for Wall Installation on DIN503 box or 60mm circular box. Available in Black Color.		5	€ 405,00
KSI2100041.302	ergo-T plus "MULTIMEDIA CENTER", formed by a Multitouch Display 10" in High Resolution (1900x1200) with PoE interface and 12Vdc Power Supply. Bracket included for Wall Installation on DIN503 box or 60mm circular box. Available in Black Color.		5	€ 509,00
KSI2100021.30X	ergo M keypad (entry level), wide graphic LCD Display and mechanical keys, complete with screws for wall mounting, available in white (p/n .301) or black (p/n .302). Certifications: EN50131 Grade 3- class II, T031:2014.		10	€ 191,00
KSI2100020.30X	ergo S Soft-Touch Technology keypad, wide graphic LCD Display, Proximity Reader (mini-Tag KS [®] , Mifare and NFC-ready) with Audio Verification (by Digital Mic) directly on the Bus, high precision Temperature Sensor, complete with screws for wall mounting. Certifications: EN50131 Grade 3- class II, T031:2014. Available in white (p/n .301) or black (p/n .302).		10	€ 237,00
KSI2100000.300	ergo Multifunction LCD CapSense keypad (Control Panel interface + GSM Programmer) with Proxy, desk-mount supports and screws for flush-mount into std. Certifications: EN50131 Grade 3- class II, T031:2014, SSF1014 Larmklass 2. DIN Box 503, customized in the 4 different Ksenia colors.		10	€ 225,00
KSI2100001.300	Wall-mount plastic bottom (optional) for ergo keypad incl. 5 fishers of 6mm dia +2 screws.		10	€ 12,00
KSI2200000.300	Outdoor NFC-Proximity Reader volo with multicolor status signalling and scenario's activation- both for wall- with 2 m. cable and box 503 -mounting with relevant frame. Certification: Certifications: EN50131 Grade 3- class II, T031:2014.		10	€ 108,00
KSI2200001.300	Black frame for the Outdoor NFC-Proximity Reader volo onto the box DIN503 incl. 2 mounting screws.		10	€ 10,00
KSI2200000.310	Outdoor NFC-Proximity Reader volo as above but in white color - with 2 m. cable and box 503 -mounting with relevant frame. Certifications: EN50131 Grade 3- class II, T031:2014.		10	€ 108,00
KSI2200001.310	White frame for the Outdoor NFC-Proximity Reader volo onto the box DIN503 incl. 2 mounting screws.		10	€ 10,00
KSI2200002.300	Indoor Proximity Reader volo-in with multicolor and acoustic signaling and 2 mini-tags included. Certifications: EN50131-Grade 3 and T031.		10	€ 102,00
KSI7600000.000	Pocket Mini-Tag in Black color with metal key-holder ring.		10	€ 15,00

lares 4.0

The most Innovative **IoT** Solution
for Security and Home &
Building Automation

www.kseniasecurity.com

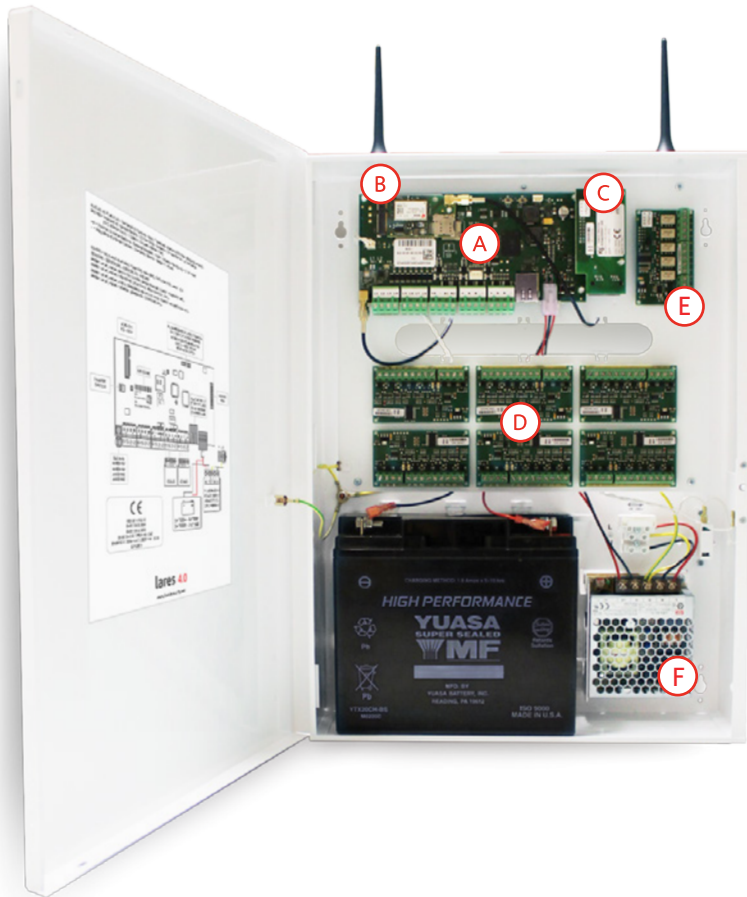

lares 4.0

All new lares 4.0 control panels are the perfect and most advanced solution in the era of digitalization (IoT) with regard to both Physical Security (Intrusion, Video Surveillance, Access Control) and Home & Building Automation. In fact, they have a number of outputs equal to the number of inputs for managing lights, climate, irrigation and rolling shutters, in short any type of automation or appliance: in addition to Security in its above mentioned meanings SMART HOME as well, all can now be managed by a single user APP (lares 4.0) and programmed by the installer now also through any mobile device (Ksenia Pro). Regardless of the size, the board of the panel is already built with the Ethernet port and the 868 MHz bidirectional wireless transceiver, compatible with the existing Ksenia wls peripherals; They are also equipped with a double BUS and removable connection terminals. All the panels are designed to accommodate directly on board (without communication bus to maximize the transmission speed of information and data) both the 3G module (and soon 4G-LTE) and, if necessary, the PSTN module. In any case, voice mails, emails, Contact IDs, and DC-09 Level III SIAs are guaranteed to the Monitoring Stations. The installer APP can then centralize and geo-localize all the installed control panels and therefore offer the ultimate customer support to the end user through the push notifications, also for technological alerts (this applies to all IoT control panels - lares 4.0 and lares wls). ***The lares 4.0 platform has been designed and built with unprecedented power, calculation and memory features (even in respect to the existing lares, however already higher than the major competitors).***

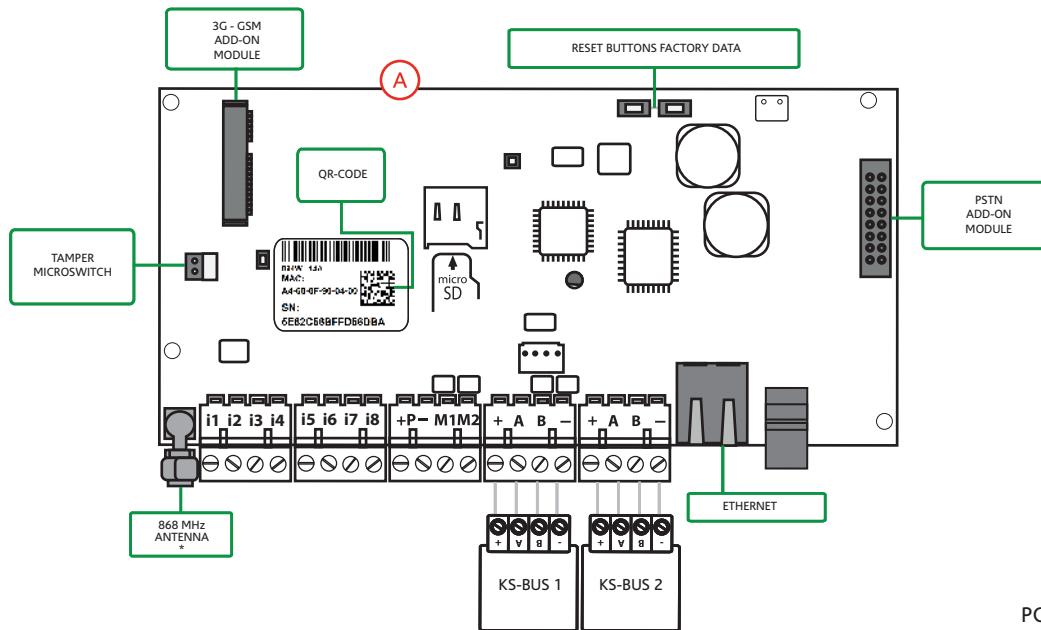

lares 4.0

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI1400016.300	Control Panel Mother-Board lares 4.0 - 16 for IoT Configuration 6 partitions Up to 16 IN + 16 OUT - native Ethernet interface. (without wireless Interface, duo transceiver module needed for Wireless Peripherals. Installer APP (Ksenia Pro) and User APP (lares 4.0) included. Certifications: EN50131-Grade 3 and T031.		10	€ 309,00
KSI1400040.300	Control Panel Mother-Board lares 4.0 - 40 for IoT Configuration 12 partitions Up to 40 IN + 40 OUT - native Ethernet interface. (without wireless Interface, duo transceiver module needed for Wireless Peripherals. Installer APP (Ksenia Pro) and User APP (lares 4.0) included Certifications: EN50131-Grade 3 and T031.		10	€ 429,80
KSI1410040.300	Control Panel Mother-Board lares 4.0 - 40 wls for IoT Configuration 12 partitions Up to 40 IN + 40 OUT - native Ethernet and Bidirectional 868 MHz wireless interface. (DPMS Technology - Dynamic Power Management System) and integrated double KS°-BUS. Installer APP (Ksenia Pro) and User APP (lares 4.0) included. Certifications: EN50131-Grade 3 and T031.		5	€ 628,80
KSI1410140.300	Control Panel Mother-Board lares 4.0 - 140 wls for IoT Configuration 20 partitions Up to 140 IN + 140 OUT - native Ethernet and Bidirectional 868 MHz wireless interface. (DPMS Technology - Dynamic Power Management System) and integrated double KS°-BUS. Installer APP (Ksenia Pro) and User APP (lares 4.0) included. Certifications: EN50131-Grade 3 and T031.		5	€ 929,00
KSI1410644.300	Control Panel Mother-Board lares 4.0 - 644 wls for IoT Configuration 20 partitions Up to 140 IN + 140 OUT - native Ethernet and Bidirectional 868 MHz wireless interface. (DPMS Technology - Dynamic Power Management System) and integrated double KS°-BUS. Installer APP (Ksenia Pro) and User APP (lares 4.0) included. EN50131-Grade 3 Compliant. + wls: For large-scale projects it is possible to set a customization of lares 4.0 with a number of zones and / or outputs exceeding 644 already available, in order to obtain a solution for particular applications such as stations, airports, etc. Certifications: EN50131-Grade 3 and T031.		1	€ 1599,00
KSI7404130.010	Ksenia metal cabinet (325x440x90 mm) white color, with lateral closing, fuse holder for 2A fuse (included) and power supplies 15 Vdc - 3,4 A already connected, suited for lares 4.0 Control Panels.		5	€ 249,00
KSI7402117.010	Small metal cabinet (255 x 295 x 85 mm) white color, with lateral lock door opening, fuse holder for 2A fuse (included) and power supplies 1,7A already connected, suited for lares 16-IP Control Panels.		5	€ 110,50
KSI7403130.010	Large metal cabinet (325 x 400 x 90 mm) white color, with lateral lock door opening, fuse holder for 2A fuse (included) and power supplies 3,0A already connected, suited for lares 48-IP and lares128-IP Control Panels.		5	€ 161,50

BUS PERIPHERALS

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI2300000.300	auxi Expansion Module (PCBA) with 5 programmable inputs/outputs complete with 4 mounting sustainers. Certifications: EN50131 Grade 3- class II, T031:2014, SSF1014 Larmklass 2.		10	€ 92,00
KSI2300005.300	auxi-H is a Module designed for the complete management of Windows/Doors equipped with powered Shutters. It provides 3 Zones for linking the necessary Protections of the Window (Magnetic Contact, Shutter Sensor, Inertial Sensor of Perimeter Barriers), and 2 inputs for managing the local activation buttons for the Shutter Automation. Additionally it provides 2 relays interlocked outputs (8A-250V) for controlling the Shutter motors.		10	€ 158,00
KSI2300003.300	auxi10in Expansion module (PCBA) with 10 programmable inputs, complete with 4 mounting sustainers. Certifications: EN50131 Grade 3- class II, T031:2014.		10	€ 154,00
KSI2300004.300	auxi-L is an Expansion Module with 5 relais outputs operating at 250V-8A (10A peak), with 1 common Terminal, ideal for Light Management and for disconnecting Appliances. auxi-L is to be connected to the lares Panel and lares 4.0 by means of the 4 wires Serial KS-BUS.		10	€ 139,00
KSI2300001.300	auxi relay expansion module (PCBA), with 5 programmable relais, outputs (1A) complete with 4 mounting sustainers.		10	€ 92,00
KSI2500000.300	divide BUS Isolator/Repeater module. Complete with 4 mounting sustainers. Certifications: EN50131 Grade 3- class II, T031:2014.		10	€ 89,00
KSI7300000.001	Plastic box for auxi, auxi-H, auxi-L, auxi10in, auxi relay, divide, to be positioned inside a DIN box, a Derivation Box and on a DIN rail.		10	€ 4,20
KSI2400001.300	Additional Power Supply Station opis, supervised by KS-Bus with additional features of Bus isolator/repeater, already installed and wired in the large cabinet (325 x 400 x 90 mm) with lateral lock door opening, equipped with fuse and 3A Power Supply. Certifications: EN50131 Grade 3- class II, T031:2014.		5	€ 299,00
KSI2400000.300	opis Additional Power Supply Module, fully supervised by KS-BUS with isolator/ repeater function. Certifications: EN50131 Grade 3- class II, T031:2014.		5	€ 139,00

MULTIFUNCTION SENSOR

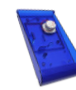

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI2700000.300	domus is an in-wall module MULTISENSOR which, as the Proximity Reader called 'volo-in', takes advantage from the Keystone Opening (same size for all switches plaques), to realize a new Device which permits, for every room, to have at the same time a Motion Detector, a Temperature and Humidity Sensor and a Lux Sensor. domus is to be connected to lares 4.0 by means of the 4 wires Serial KS-BUS.		5	€ 139,00

*or its multiple

INDOOR SIREN

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI6101000.310	Indoor Siren radius for BUS-KS with Emergency Light and LED low consumption Technology, customized in the 4 different Ksenia colors. Certifications: EN50131 Grade 3- class II, T031:2014.		10	€ 119,00
KSI7207008.000	Lithium-Ion Battery 7,4 Vdc-850 mAh for radius indoor siren and for duo wls repeater.		10	€ 42,00

OUTDOOR SIREN

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI6300000.31X	Auto-powered/ Low-Consumption Universal Siren imago complete with Anti-Smashing Protection (Battery excl.)- color white with transparent bottom in orange, blue or red color.		10	€ 169,00
KSI6300000.33X	Auto-powered/ Low-Consumption Universal Siren imago complete with Anti-Smashing Protection (Battery excl.)- color silver grey metallized with transparent bottom in orange, blue or red color.		10	€ 169,00
KSI6301000.31X	Auto-powered/ Low-Consumption Siren imago for KS-BUS complete with Anti-Smashing Protection & Temperature Sensor (Battery excl.)- color white with transparent bottom in orange, blue or red color.		10	€ 169,00
KSI6301000.33X	Auto-powered/ Low-Consumption Siren imago for KS-BUS complete with Anti-Smashing Protection & Temperature Sensor (Battery excl.)- color silver grey metallized with transparent bottom in orange, blue or red color.		10	€ 169,00
KSI6901000.340	Siren Cover in Beige color.		5	€ 25,00
KSI6901000.350	Siren Cover in Olive Green color.		5	€ 25,00
KSI6901000.360	Siren Cover in Copper Brown color.		5	€ 25,00
KSI6901000.370	Siren Cover in Blue color.		5	€ 25,00
KSI6900000.307	Transparent bottom in orange color for imago Siren + buzzer.		5	€ 29,00
KSI6900000.308	Transparent bottom in red color for imago Siren + buzzer.		5	€ 29,00
KSI6900000.309	Transparent bottom in blue color for imago Siren + buzzer.		5	€ 29,00

INDOOR AND OUTDOOR MOTION DETECTORS

p/n	Description	Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI5101000.300	PIR Motion Detector unum/12 m range in ELT Technology.		10 € 24,70
KSI5101100.300	PIR -Pet Immune Motion Detector unum/12 m range in ELT Technology.		10 € 27,00
KSI5102000.300	Dual-Technology (PIR +MW) Motion Detector unum/12 m range in ELT Technology. Certifications: EN50131 Grade 2- class II.		10 € 59,90
KSI5102100.300	Dual-Technology (PIR +MW) Motion Detector unum with Pet Immunity /12 m range in ELT Technology. Certifications: EN50131 Grade 2- class II.		10 € 62,90
KSI5102010.300	Dual-Technology (PIR +MW) Motion Detector unum with Antimasking /12 m range in ELT Technology.		10 € 79,00
KSI5102110.300	Dual-Technology (PIR +MW) Motion Detector unum with Pet Immunity and Antimasking /12 m range in ELT Technology.		10 € 84,00
KSI5900000.300	Adjustable Mounting bracket for all indoor detector types unum series.		10 € 7,00
KSI5303010.300	Triple -Technology Outdoor Motion Detector unum with Pet-Immunity & Antimasking / 15 m range.		6 € 329,00
KSI5900001.300	Adjustable Mounting bracket for all Outdoor Detector types unum series.		6 € 20,75
KSI5302010.303	velum Outdoor Curtain Motion Detector DT-AM (Dual Techn. & Active Antimasking), Range 12 m, with embedded Anti-Removal (Techn. With Accelerometer) for all Mounting Installation, complete with mounting brackets, color light grey.		10 € 187,50
KSI5900003.003	Rain Protection Roof for velum Outdoor Curtain Motion Detector.		10 € 8,90

*or its multiple

SMOKE DETECTORS

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSF5100001.003	Optical smoke Detector nebula with base, for conventional systems with optical measurement method for earliest fire detection and indication acc. To DIN EN 54-7, mesh design, Silver colour, 9-33 Vdc.		5	€ 109,00
KSF5100001.001	Optical smoke Detector nebula with base, for conventional systems with optical measurement method for earliest fire detection and indication acc. To DIN EN 54-7, Round Glass design, White colour, 9-33 Vdc.		5	€ 129,00

MAGNETIC WIRED CONTACTS (Patented Technology Magnasphere®)

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI5CLH111.000	Professional Surface Mounted Magnetic Contact with embedded AM (Antimasking) of compact Design with High Resistance (case in anod. Aluminium) with Stainless Steel Cable of 50 cm, with already integrated EOL Double balanced Resistors for KS° System - 200cm cable - Ideal for Commercial/Industrial applications Already CERTIFIED EN50131-2-6 GRADE 3.		2	€ 77,58
KSI5CLS-TW.2CW	Professional Magnetic Contact with embedded AM (Antimasking) of compact Design with High Resistance (case in resin. ABS) with already integrated EOL Double-balanced Resistors for KS° System - 200cm cable - ideal for Doors and Windows in both Residential and Commercial applications. Available in white or brown color (KSI5CLS-TW.2CN).		5	€ 46,08
KSI5CLR-TW.0TW	Professional Magnetic Contact with Terminals (completely Hidden inside) and embedded AM (Antimasking) of very compact Design with already integrated EOL Double-balanced Resistors for KS° System - 200cm cable - ideal for Doors and Windows in Aluminium, PVC, Wood or Steel being "easy-to-mount". Available in white or in brown color (KSI5CLR-TW.0TN).		10	€ 21,19
KSI5CLR-MG.00W	Gummy Magnete of neodimio. Available in white or brown color (KSI-5CLR-MG.00N).		10	€ 5,06
KSI5CLR-AL.00W	Magnete of neodimio with Adapter for Aluminium /PVC Available in white or brown color (KSI5CLR-AL.00N).		10	€ 8,36
KSI5CLR-BL.00W	Magnete of neodimio with Adapter for steeled Doors Available in white or brown color (KSI5CLR-BL.00N).		5	€ 11,08
KSI5CLV-02.00W	Inertial Sensor of glass breakage detection, in white color. The sensor use the magnetic technology for the detection of vibrations. Designed on a new inertial/magnetic hybrid principle, the sensor is not subject to placement constraints.		1	€ 67,08
KSI5004000.300	Detector for Rolling Shutters. wire detector for rolling shutters. The detector has been designed to offer maximum performance in environment semi-outdoor in terms of detection, and false alarm immunity. Positioned within the cover and the wire fixed in the lower part of the roller, it protects from opening, cutting and break.		3	€ 23,00

*or its multiple

BI-DIRECTIONAL WIRELESS DEVICES 868MHZ

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI2600000.310	Wireless Transceiver/Repeater duo BUS -868MHz/two-ways- up to 64 WLS Peripherals/128 WLS Zones complete with enclosure. Certifications: EN50131 Grade 3- class II, T031:2014.		10	€ 199,00
KSI2600002.310	Wireless Transceiver duo16 BUS -868MHz/two-ways- complete with enclosure, only in connection with lares16-IP.		10	€ 139,00
KSI2600001.310	Universal Wireless Transceiver duo 868MHz/two-ways. Compatible with any antintrusion panels in order to manage any wireless Ksenia device up to 32 WLS Peripherals/96 WLS zone.		10	€ 139,00
KSI5201000.300	Wireless Digital PIR Motion Detector unum -868MHz/two-ways- with double- optic /12 m range in ELT Technology - Battery incl. Certifications: EN50131 Grade 2- class II, T031:2014.		10	€ 139,00
KSI5201100.300	Wireless Digital PIR-Pet Immune Motion Detector unum -868MHz/two-wayswith double-optic/12 m range in ELT Technology - Battery incl. EN50131 Grade 2- class II, T031:2014.		10	€ 149,00
KSI5402010.303	velum Outdoor Curtain Motion Detector DT-AM (Dual Techn. & Active Antimasking)-868MHz/two-ways- , range 12 m, with embedded Anti-Removal (Techn. With Accelerometer) for all mounting installation, complete with mounting brackets, color light grey.		10	€ 279,00
KSI5900003.003	Rain Protection Roof for velum Outdoor Curtain Motion Detector.		10	€ 8,90
KSI5402011.303	velum-C Outdoor Curtain Motion Detector DT-AM (Dual Techn. & Active Anti- masking),-868MHz/two-ways- For Indoor/Outdoor, middle of the window ,12m 7,5° range, with embedded Anti-Removal (Techn. With Accelerometer) for all mounting installation, complete with mounting brackets, color Light Grey. Lithium battery included.		10	€ 269,00
KSI5001000.30X	Wireless Magnetic Contact poli, 868MHz/two-ways, + 2 separated programmable Inputs/Zones - Battery type CR123A incl. - available in white, brown or grey color. Certifications: EN50131 Grade 2- class II, T014A:2013.		10	€ 110,50
KSI5002000.30X	Wireless micro magnetic contact nanus poli -868MHz/two-ways, Lithium battery type CR2032 incl. - available in white, brown or grey color.		10	€ 98,00
KSI6401000.31X	Wireless outdoor Siren imago, 868MHz/two-way, complete with Transceiver and Anti-Smashing Protection (Battery excl.)- color white with transparent bottom in orange, blue or red color.		10	€ 299,00
KSI6401000.33X	Wireless outdoor Siren imago, 868MHz/two-way, complete with Transceiver and Anti-Smashing Protection (Battery excl.)- color silver grey metallized with transparent bottom in orange, blue or red color.		10	€ 299,00
KSF5300001.003	Optical smoke detector wireless nebula, stand-alone EN14604:2005 approved, for Fire Detection, mesh-design, Silver color, 9V Lithium battery included. Optional the radio interface allows to enroll the nebula stand-alone detectors to lares systems.		5	€ 99,00

KSF5300001.001	Optical smoke detector wireless nebula, stand-alone EN14604:2005 approved, for Fire Detection, crystal-design, White color, 9V Lithium battery included.		5	€ 182,00
KSI5003000.300	Wireless Interface module 868MHz/two-way, to be used with the Optical smoke detectors above described, to associate them to lares Control Panels.		5	€ 57,00
KSI2300002.300	Wireless auxi module, 868MHz/two-ways relay 5A/220V with 2 inputs. It works both with lares Control Panel and as stand-alone device through the remote control opera.		10	€ 139,00
KSI7700000.00X	Wireless Remote Control opera, 868MHz/two-ways, 7 PGM Functions, status, panic and optical/vibracall Ack. - color white, red, black or grey - Battery incl. Certifications: EN50131 Grade 2- class II, T014A:2013.		10	€ 129,00

ACCESSORIES

p/n	Description		Minimum Q.ty*	Unit price Euro (VAT excl.)
KSI7207008.000	Lithium-Ion Battery 7,4 Vdc-850 mAh for radius indoorsiren and for duo wls repeater.		10	€ 42,00
KSI7207580.000	Alkaline Battery Pack, 7,5V.-8000mAh, for outdoor Siren imago wireless.		10	€ 29,00
KSI7203627.000	Lithium Battery Pack 3,6V/2700 mAh for velum wireless Outdoor Curtain Motion Detector.		10	€ 29,00
KSI7203015.000	Lithium Battery CR123A as spare parts for wireless device (200 pcs per pack).		200	€ 7,50
KSI7203002.000	Button Battery CR2032 as spare parts for wireless device (200 pcs per pack).		200	€ 1,85
KSI7206012.000	Acid-Lead Battery 6Vdc-1,2Ah for imago outdoor siren.		10	€ 18,00
KSI7212012.000	Acid-Lead Battery 12Vdc-1,2Ah for gemino stand-alone.		10	€ 29,00
KSI7212070.000	Acid-Lead Battery 12Vdc-7,2Ah for lares Control Panels.		10	€ 49,00
KSI7212020.000	Acid-Lead Battery 12Vcc - 2Ah for lares wls 96-IP Control Panels.		10	€ 65,00
KSI7203019.000	Lithium Battery Pack (non rechargeable) 3V / 1900 mAh for ergo wls Keypad.		10	€ 35,00

GENERAL SALES TERMS & CONDITIONS Rev. 0/2019 January

The present conditions apply to each order as whole with the exception of written derogations, valid for each single agreement only. Possible conditions or clauses applied on the order which are different or in contrast with those indicated below, are not applicable. The Order Acknowledgment issued by KSENIA Security Srl. (hereafter referred to as KSENIA) will not imply in any case acceptance of conditions or clauses of the Purchaser, unless they will be clearly referred and accepted in writing by KSENIA.

1) **ORDERS** – All orders have to be addressed to the attention of KSENIA Sales Dpt. by fax, letter or emails (preferred). It will be at sole KSENIA discretion to accept orders which should arrive by other means.

Minimum Order Value: KSENIA reserves the right to not accept orders below 1.000 Euro as total amount net.

Moreover the reserved distributors discount is to be considered valid only under the assumption that the minimum quantity or its multiple by product will be considered as per the official KSENIA price list. For lower quantities, a contribution of + 5% on the given prices, has to be considered.

The transmission of the order to KSENIA by the Purchaser implies the full acceptance of the General Sales Conditions, of KSENIA, who can not be considered responsible for any error of choice or evaluation by the Purchaser, who has to carefully choose the products before placing the order. KSENIA reserves the right, at its sole indisputable discretion, to reject the order in the event that the proper supply conditions will not exist, without any obligation and /or need of any justification.

2) **PRICES** – The listed prices indicated in any KSENIA document or Catalogue are all in Euro (unless otherwise expressly indicated) and are to be considered net of VAT, duties, transportation or accessory costs. KSENIA reserves the right, in any moment and without notice, to modify its prices, with the exception of the goods already in order. The variations applied will be valid immediately even in absence of new price lists or catalogues.

3) **PAYMENTS** – All invoices not disproved with registered Mail within 8 days from their receipt will be considered as accepted. The Payment shall be addressed, unless otherwise indicated in writing, directly to KSENIA in the forms and terms agreed. In case of missing or delayed payment by the Purchaser, KSENIA will adopt the following proceedings:

a) immediate suspension of any delivery, warranty and other obligations agreed upon;

b) In case of late payments of the invoices, Ksenia will charge, on the amounts invoiced and for each day of delay, default interests which will accrue from the invoice expiry date up to the date of the real payment.

These interests will be counted from the expiry of the payment, without any formal notification and they will be calculated on an annual basis, applying the official reference rate (TUR) plus 5 percentage points; if the method of payment agreed is "bank receipt" it will also be added a charge of Euro 10.00 as unpaid costs.

c) charge expenses for missing payment/ pick-up (Bank Receipt of 10 Euro);

d) start a legal action, in which case the Purchaser will be requested also to pay the relevant legal expenses.

The eventual claim of one or more supplies do not legitimate the Purchaser to suspend any payments.

Property Right: KSENIA maintains the property of the goods delivered until the total supply payment. In case the contract should be resolved for not fulfillment by the Purchaser, all accounts will remain acquired by KSENIA as indemnity title.

4) **SALES/SUPPLY CONTRACT'S RESOLUTION**- KSENIA reserves the right to resolve the contract unilaterally, prior written communication to the Purchaser, if:

a) even one of the given sales condition, in full or partially, will not be respected;

b) in the event that the Purchaser will be found in severe financial troubles to the point that cheques will be rejected by the Bank or the Purchaser will apply for Chapter 11;

c) in the event that there will be any variation in the Legal Entity or composition of the Purchaser's Company which may reduce his commercial capacity.

5) **DELIVERY TIME** – The contractual delivery times are those indicated in the Order Acknowledgment and have to be considered as "estimated " and not binding since they may be subjected to Force Majeure or actual possibilities of parts suppliers to deliver on time. In no case can KSENIA be charged for damages (direct or indirect) arising from late delivery. The possible delay does not legitimate the Purchaser to cancel the contract, neither in total nor partly. The delivery can also be partial.

6) **SHIPPING** – The shipments will be arranged with departure from the KSENIA Central Warehouse by utilizing the forwarders specified by the Purchaser and at his own expenses, with the only exception of e-commerce where the goods will be delivered door-to-door (within Europe) at KSENIA indicated fares.

The goods travel always on behalf and at risk of the Purchaser. From the moment the goods will be delivered to the forwarder, all costs and risks are passing over to the Purchaser, including any loss and/or damages .

7) **WARRANTY** – All KSENIA products fall under the direct warranty of the Supplier/Manufacturer .

All products branded KSENIA, falls into the same category in accordance with the current Italian rules. These products will be repaired by KSENIA itself or an authorized Assistance Center which will be indicated by KSENIA after having ascertained that all conditions apply for the warranty to be considered. The warranty covers exclusively construction defects detectable on the product itself. The warranty do not cover accidental defects or damages and products manipulated or previously repaired by a third party or utilized not in conformity with the in our manuals specified employ and conditions of installation. The claimed products that KSENIA will assess as defective, might be either repaired or substituted without this will represent, by any means, assumption of responsibility for eventual damages, direct or indirect.

No refund will be charged KSENIA for the time the system will be down due to repair works or parts replacement.

Warranty duration: 24 months from the date of the selling documents of the products branded KSENIA; for all other products the reference is the duration given by the Producer/Manufacturer.

The warranty period will expire after the given duration even if the products, for whatever reason, have not be installed and put into service. Out of warranty will be considered all parts that for their nature or type of use are subjected to continuous and rapid consumption. All products covered by warranty travel at cost and risk of the Purchaser.

8) **RETURNS AND REPAIRS** – Any returns of material, working or not, falling under warranty and not, will have to be prior authorized by KSENIA. In order to obtain the authorization to return, the Purchaser will have to follow the relevant Procedures for the "goods to be returned " and "goods to be repaired" . KSENIA, depending on its technical/commercial evaluations, reserves the right to reject the return. The shipping expenses for materials to be returned as such or for substitution under warranty, repairs, repairs under warranty are at Purchaser's cost. For all other cases, the general conditions of repairs are indicated in the specific procedure. KSENIA reserves the right to refuse any returns should the package be different than the original ones and, in any case, suitable to preserve the product integrity during the transportation and if not correlated with the original accessories.

9) **RESPONSIBILITY** – The Purchaser, with his order, assumes the responsibility to observe the norms of laws and security related to the employ of the purchased products.

It is excluded therefore any responsibility of KSENIA for any damages, direct or indirect, caused to persons or things arising by the employ of the delivered products. In no case, can KSENIA be held responsible, even indirectly, for missing or non-perfect functioning of the products and/or subsequent damages.

10) **COURT OF COMPETENCE**– for all disputes which should arise during the execution of the sales contract the competent Court is the Court of Ascoli Piceno. Italy.
